

Template Style Guide

Natsuki Subaru · July 01, 2026

Introduction

This document demonstrates the styling capabilities provided by the document template. It covers headings, inline formatting, lists, blockquotes, code, tables, and figures. Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magnam aliquam quaerat.

Inline Formatting

The template uses **Atkinson Hyperlegible Next** for body text at 11pt with justified paragraphs. You can use **bold text** for emphasis, *italic text* for titles or asides, and `inline code` for technical references like `template-base()`. Combine them freely: ***bold italic*** works too.

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magnam aliquam quaerat voluptatem. Ut enim aequi doleamus animo, cum corpore dolemus, fieri.

Lists

Bullet List

Key features of this template:

- Clean, readable typography with a humanist sans-serif font
- Justified paragraph alignment for a polished look
- Automatic page numbering in the footer (*current / total*)
- Generous 2.5cm margins on all sides

Numbered List

Steps to use this template:

1. Import `template.typ` into your document
2. Call `template-base` with title, author, and keywords
3. Write your content using standard Typst markup
4. Compile with `typst compile example.typ`

Blockquote

Use a blockquote to highlight a key passage or citation:

A language that doesn't affect the way you think about programming is not worth knowing.

— Alan Perlis

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore.

Code Block

Below is a snippet showing how this template is initialised:

```
#import "template.typ": template-base

#show: template-base.with(
  title: "My Document",
  author: "Your Name",
  date: datetime.today(),
  keywords: ("typst", "example"),
  show-header: true,
)

= First Heading
#lorem(40)
```

Table

A comparison of page layout parameters:

Parameter	Value	Unit
Page margin	2.5	cm
Body font size	11	pt
Language	en	–
Justification	true	–

Table 1: Template page layout defaults.

Figure Placeholder

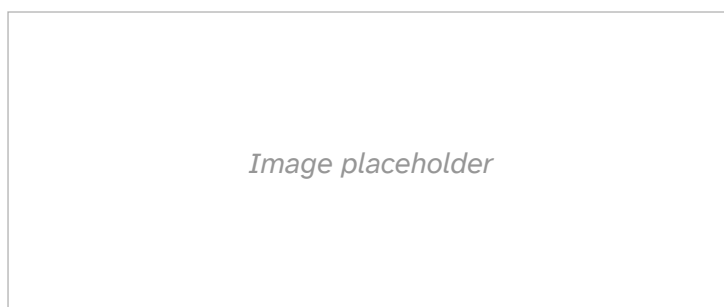

Figure 1: An example figure slot for diagrams or images.

Conclusion

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua quaerat voluptatem. Ut enim aequi doleamus.

This example covers headings at three levels, inline styles (**bold**, *italic*, `code`), ordered and unordered lists, a blockquote, a code block, a table, and a figure placeholder — all rendered with the template's default styling.
